

Cherilyn Pascoe

Director

NIST National Cybersecurity Center of Excellence (NCCoE)

Cherilyn Pascoe is the Director of the NIST National Cybersecurity Center of Excellence (NCCoE). She provides strategic direction and technical leadership for the NCCoE, aligns the NCCoE's work with the industry, government, and NIST priorities, and builds relationships with key stakeholders. Prior to her role as Director of the NCCoE she served as the Senior Technology Policy Advisor, advising NIST leadership on technology policy and strategy, including cybersecurity, privacy, and artificial intelligence. She also led the NIST Cybersecurity Framework program and was a team member of the NIST AI Risk Management Framework. Prior to joining NIST in 2021, she served more than a decade in staff leadership roles on the US Senate Committee on Commerce, Science, and Transportation. Most recently, she served as Deputy Policy Director managing the Committee's Space and Science Subcommittee, which has jurisdiction over science, technology, standards, and civil space policy.
