CGI Federal

Welcome to Ballston: Your Guide to the CGI Innovation Center

CGIF-FAC-501

Building Information

- The Innovation Center is located on the 9th floor of the Marymount University building (1000 N. Glebe). Enter the main door on Fairfax Drive (across the street from the Holiday Inn) and take the elevator to the 9th floor. If you enter from the Glebe Road entrance (Marymount side), you will not be able to get to the 9th floor since the CGI office space is separate from the University.

- All CGI guest parking in the 1000 N. Glebe building is located on garage level P3. Remember to bring your parking ticket to the reception desk for validation as the rate is $11.00 for unvalidated tickets.

- From P3, enter through the CGI elevator vestibule and go to the Ground floor, which will take you to the CGI lobby off Fairfax Drive where you will find elevators to get to the 9th floor.

- **Do not park on P1 or P2** as these levels are reserved for Marymount University staff and students and unauthorized vehicles could be towed.

- Off-site Parking: $10.60/day at the Holiday Inn across the street. The building address is 4610 Fairfax Dr, Arlington, VA 22203.

    - There is overflow parking at the Ballston Mall garage approximately 4 blocks away (627 North Glebe Road, Arlington VA). The rate is $1 for 3 hours, $3 for 3-4 hours, and then an additional dollar per hour after until maximum of $10.

    - If you are traveling on I-66, keep in mind there is a toll that requires an E-Z Pass Monday through Friday from 5:30-9:30 AM (eastbound) and 3-7 PM (westbound).

    - If you plan to carpool, you can get the E-Z Pass Flex and avoid the toll with 2+ people.

- Metro Rail: **Ballston-MU station** (Orange/Silver line) is 4 blocks (about 6 minute walk) from the office building.

- Metro Bus: The following buses are nearby on Fairfax Drive and/or Glebe Road: 2A, 23A, 23T, 25B, 38B, 51

- Biking: The bike lane along Fairfax Drive is directly in front of the building. It connects into other trails in the area. There is a locker room inside the building for showering/changing.
