OFFICE OF THE CHIEF INFORMATION OFFICER

BIOGRAPHIES

Christine Finnelle

Director, Enterprise Architecture
Division

Chief Technology Officer Directorate

Christine Finnelle serves as the Director of Enterprise Architecture for the Department of Homeland Security, under the Chief Technology Officer Directorate.

Ms. Finnelle has 30 years of Information Technology (IT) leadership experience spanning research, innovation, architecture, design, engineering, operations, and program management.

Ms. Finnelle transferred from the Department of Justice, where her career spanned two decades which included previous work at The Executive Office of United States Attorneys, at the Justice Management Division, and most recently at the United States Marshals Service where she served as the Chief Technology Officer. Prior to the Department of Justice, she served in the United States Army for 14 years, which included Presidential Support at the White House Communications Agency.
