

Robert M. Borka

*Deputy Executive Director, PARM / MGMT Component
Acquisition Executive
DHS HQ, Undersecretary for Management*

Mr. Borka joined DHS in June 2022 as the Deputy Executive Director of the DHS Office of Program Accountability and Risk Management (PARM). Mr. Borka also serves as the Component Acquisition Executive for the DHS Management portfolio. Mr. Borka provides oversight of 88 active programs whose total life cycle costs are valued at over \$60 Billion, including ships and aircraft to secure the maritime and land borders; mobile surveillance; identity credentialing; assets to protect the President; cybersecurity; airport screening; and biodefense.

Prior to joining PARM, Mr. Borka worked for the Department of the Navy as the Director for Naval Acquisition Policy within the office of the Assistant Secretary of the Navy for Research, Development & Acquisition (OASN RD&A), providing acquisition oversight of over 180 Navy and Marine Corps Acquisition Programs. Mr. Borka served as the Navy's Acquisition Policy liaison to the Under Secretary of Defense for Acquisition and Sustainment and had oversight of Earned Value Management and Cost Estimating for acquisition programs.

Mr. Borka began his engineering career with Anteon Corporation, supporting the Navy's Program Executive Office Ships in the integration of the Joint Strike Fighter, MV-22 Osprey, and MH-60R/S Sea Hawk aircraft onto numerous ship classes. Mr. Borka began his government career in 2006 as a Fleet Support Engineer for the Navy. Mr. Borka has worked in Naval Shipyards, as a Business Financial Manager, Requirements Officer at the Pentagon, and supported the Anti-Terrorism Afloat Program Office. Mr. Borka was responsible for the modernization of all LHA 1/LHD 1, and LPD 4 Class ships home ported in San Diego, California and Japan. Additionally, Mr. Borka created and led the LCC 19 Class Extended Service Life Program, taking these unique ships to an extended service life of 70 years. Mr. Borka was selected as a NAVSEA Commander's Executive Fellows in 2014, serving in senior leadership positions across the Pentagon. From March 2016 through June 2017 Mr. Borka served as the Assistant Program Manager for the CVN74 Nuclear Refueling Complex Overhaul (RCOH), responsible for the planning and execution of the \$5 Billion overhaul of one of the world's largest warships.

Mr. Borka is a graduate of NC State, where he earned his BS in Aerospace Engineering. He also has a Masters in Administration from Central Michigan University. Mr. Borka has received a Distinguished Certificate in Management from the Darden School of Business at the University of Virginia. Mr. Borka is a certified DAWIA/FAC PM Level 3 and a Systems Engineering Level 3. Mr. Borka is also a member of the Defense Acquisition Corps.
