

# Stephanie Ackman

**Director, Consulting Expert**

As a Director at CGI Federal, Stephanie supports federal government clients with expertise and insight related to cyber risk, security, and technology strategy. She partners with agency leaders to develop, implement, and optimize cyber programs.

She joined CGI in 2022 as part of the merger between CGI and ARRAY Information Technology, where she served as the Director of Information and Cyber Security. Ms. Ackman has provided mission-focused cybersecurity expertise across the federal government for over 20 years.

During her time with ARRAY, she served as Cybersecurity Lead for 22 Department of Defense systems, including an Air Force ACAT 1 system with congressional oversight and three Army and Air Force ACAT 3 systems. As a CISSP Certified Information Systems Security Professional and CISSP-ISSEP Information Systems Security Engineering Professional, she promoted a strong cyber posture and encouraged close collaboration between cyber professionals and IT staff, engineers, and developers.

She was the recipient of the 2020 Pinnacle Cybersecurity Executive of the Year award in recognition of the positive impact she made to several high-profile client programs and her proactive influence in advancing cybersecurity solutions for federal agencies.

Before her time at ARRAY, she served in various cybersecurity positions within the U.S. Air Force and U.S. Army; she also served seven years as a U.S. Navy cryptologist.
